Dear Madam,

I acknowledge receipt of your letter of the 7<sup>th</sup> March and am surprised and disappointed that you should regard Early Day Motions as being of any serious value.

There are many Members of Parliament – and I happen to be one of them – who regard EDMs as being little more than Parliamentary graffiti and as a consequence do not sign even those with which we have the greatest possible sympathy.

Were you a member of the United Kingdom Parliament rather than the European Parliament then you would probably appreciate that there are other and better ways of making points to even this Government.

With my best wishes.

Yours sincerely,

ROGER GALE MP
