your ref

Dear Dr Caroline Lucas MEP

RR/2474/CC(EIA) - Construction of a new road, including environmental treatment with earthworks, planting, flood and noise attenuation, wildlife compensation, and facilities for non-motorised users. A259 Belle Hill, Bexhill on Sea to B2092 Queensway, St Leonards on Sea.

Thank you for your letter you wrote relating to the above application. The views you expressed in your representation were reported to the Planning Committee on 10 December 2008. The Planning Committee took the representations received into account along with other material considerations and resolved to grant the application provided the Secretary of State did not call in the application and subject to a Legal Undertaking and subject to conditions. The Secretary of State decided on 3 February 2009 not to call in the application. The Legal Undertaking has now been secured on 28 July 2009 and planning permission has been issued. A full copy of the Decision Notice and Legal Undertaking are available to view at these offices, at your local District Council Offices, and on the County Council's Web Site :-www.eastsussex.gov.uk/environment/planning/applications/register/landing.htm

Yours sincerely

Peter Earl
